Dear All,

Red nose Day

Thank you for your kind donations and your wonderful jokes for Red Nose Day. The students had fun wearing red and having their stand-up comedy club where they told some very funny jokes. They also made some red nose day cookies which they will bring home to share!

Home Testing

Thank you so much to those who were able to do the home testing and report the results to the NHS and to the college. It is much appreciated. I know there was a problem with the link in my last letter so I will put it here again. It is also on the website under newsletters.

Just a reminder to do the test on a Sunday and Wednesday evening or a Monday and Thursday morning which ever suits you best. Please register the results with the NHS and to college through the links below:

Please let me know if you have any difficulties doing the tests at home or reporting the results.

New Landline

We have a new landline phone number: 02077354154.

I hope you have a lovely weekend.
