

26.3.21

Dear All,

Money Donated

Thank you again for your kind donations for Red Nose Day- We raised £30!

Home Testing

Well done to all the students who moved to home testing and for reporting the results to college. The students have worked really well on this key life skill.

As discussed with those who cannot do the test and who have given us permission we will continue to do the test once a week at college if you have not reported the result to us by 9:30 on a Monday morning.

We will send home more test kits next week for you to do it twice weekly over the Easter holidays. Please let me know if you have any difficulties doing the tests at home or reporting the results.

There is just one week before college finishes. We will be doing some focussed sessions with the students on understanding their autism next week for Autism Awareness week.

**The last day of term is Thursday 1st April at 3pm.
The summer term starts for all students on Monday 26th April.**

I hope you have a lovely weekend.

Catriona
